

LE GROUPE **PNF** INC.

DEPUIS • SINCE 1995

PERMANENT FRAME

STEEL
STAINLESS STEEL
ALUMINUM
Economical and practical

Groupe P.N.F. Inc. manufactures a full range of steel, stainless steel and aluminum frames, in varying thicknesses, in standard or custom sizes.

CHARACTERISTICS

- Designed to fit any type of replacement media
- Suitable for any standard size frame bracket
- Galvanized steel "U" channel
- Stainless steel "U" channel
- Aluminum "U" channel
- Available with gasket
- Available in bars (without notches)
- Thicknesses of 3/4 in, 1 3/4 in, 3 1/2
- Non-standard thicknesses available

ADVANTAGES

- More economical than a disposable filter (The cost of the frame is quickly recouped after just a few replacements of the filter element.)
- Quick and easy replacement of the filter element
